

# Library Map

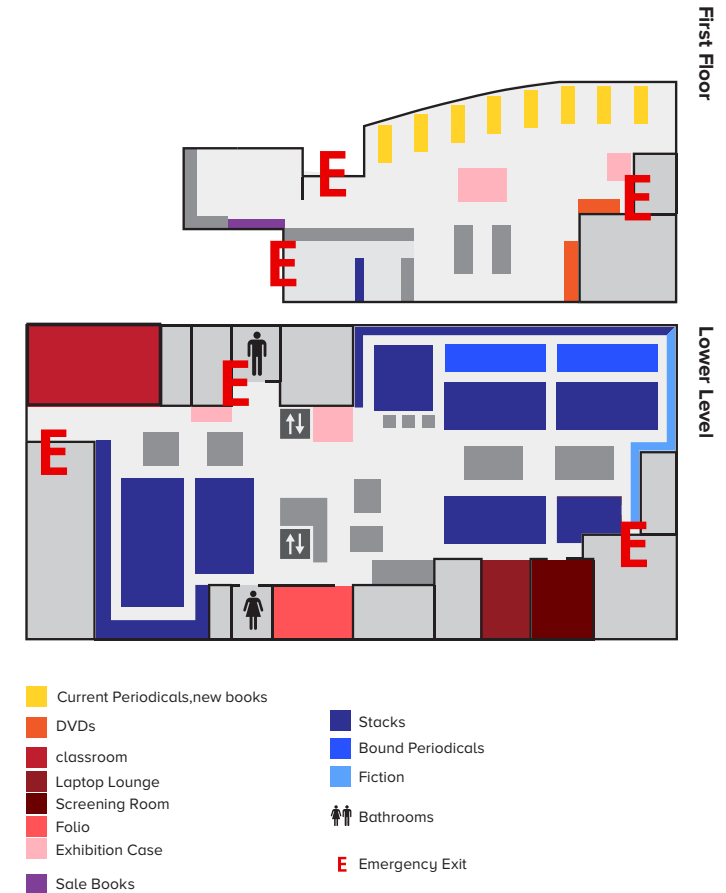

# PROPOSAL:

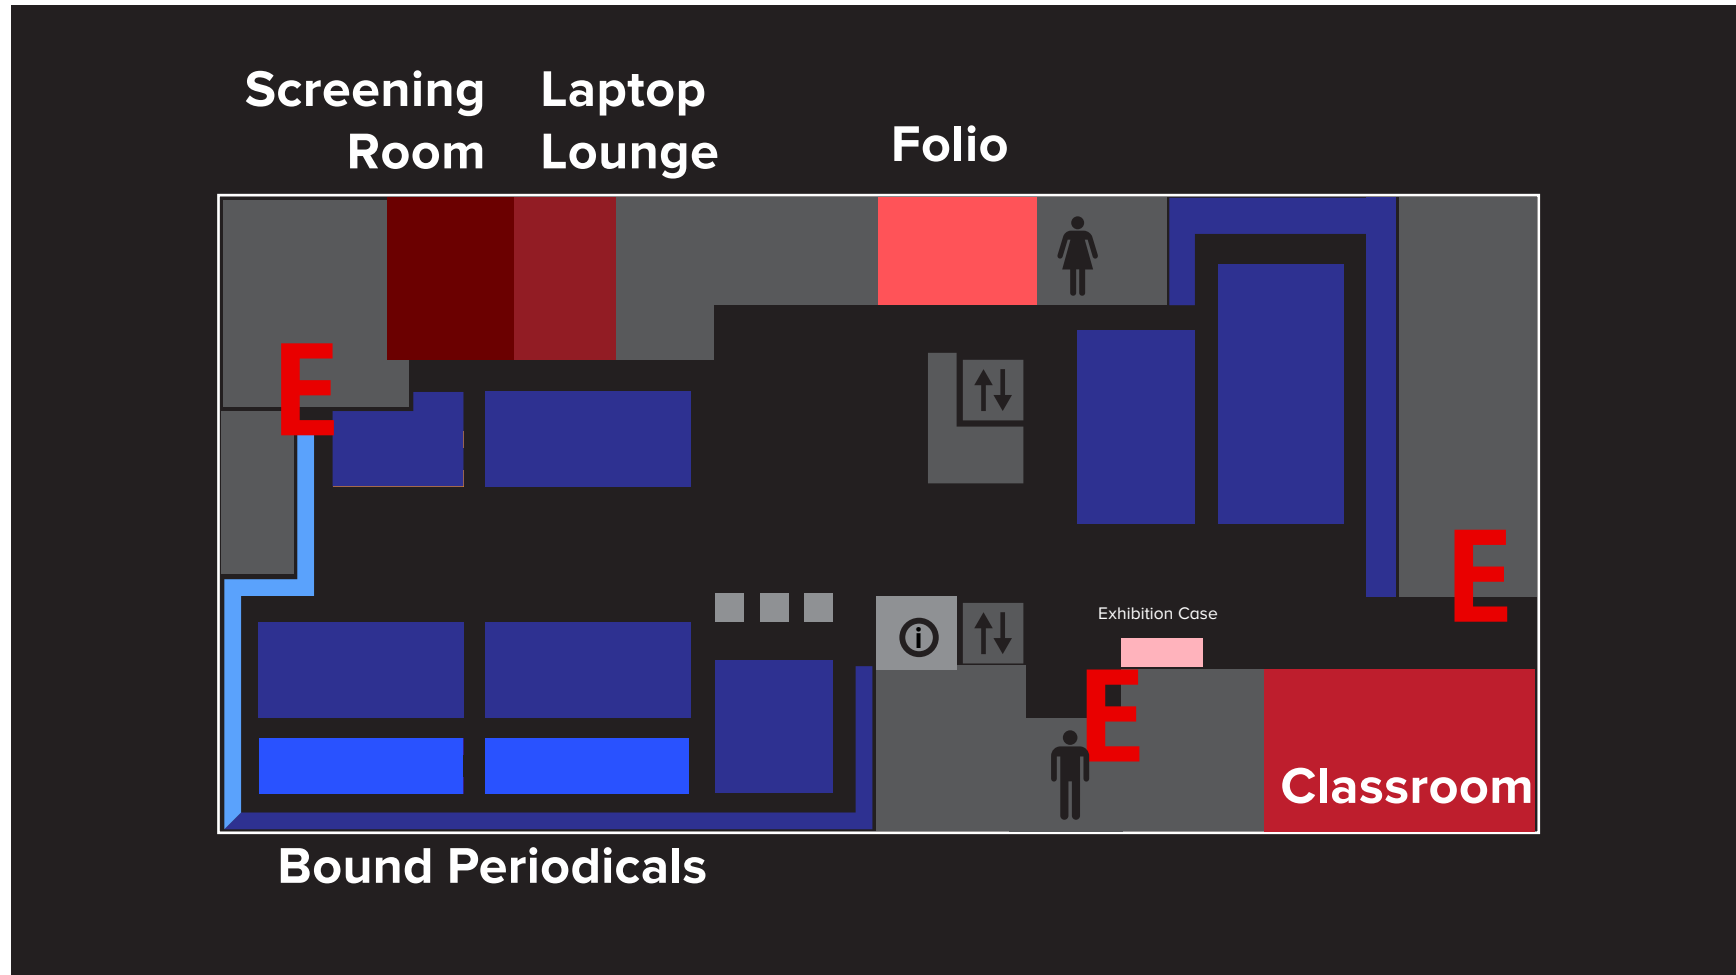

**Connections with the library's goals: Present the library's resource through a floor plan poster.**

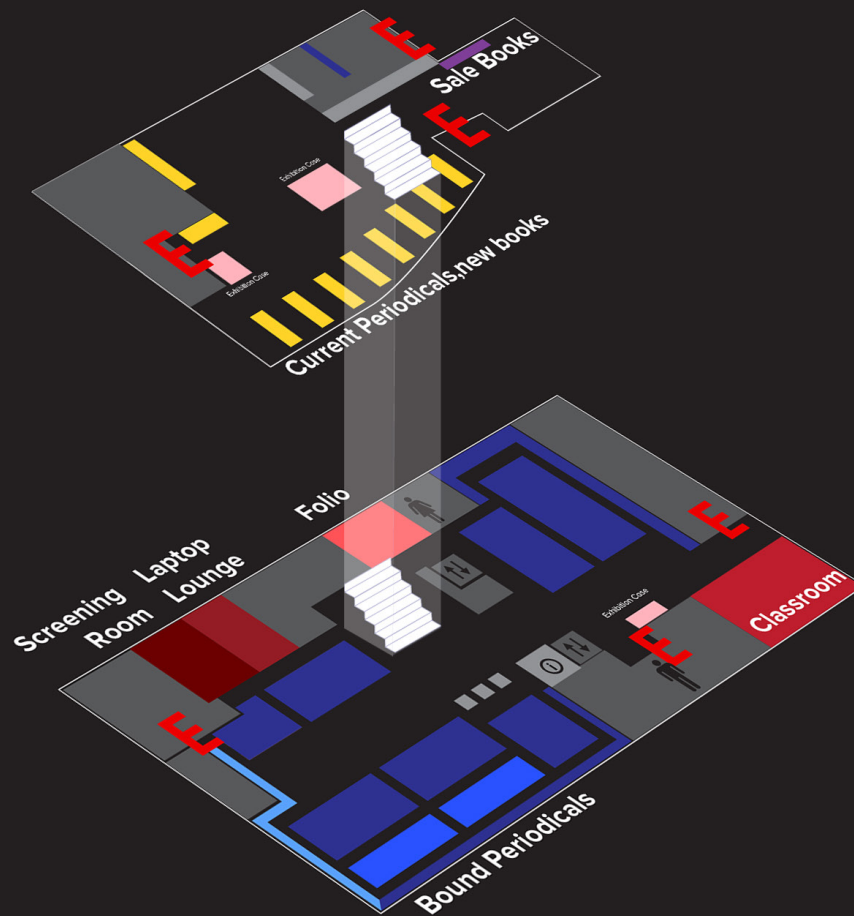

This project is inspired by the map painted on the fourth floor, which clearly present the room arrangement in that floor. The map can guide students when they are trying to find their classroom at the beginning of the semester. So, I thought it was also a good idea if I could present the resources in Decker Library on one map. So, my first step was to simplify the original floor plan and highlight different facilities with brighter color. Normally, people will get familiar with library's floor plan after several visits, but they might still get confused with their call numbers. As a result, a map with call number initials would help visitors to know which direction they need to go.
